

# CANNON

■ **Powerful & Versatile**

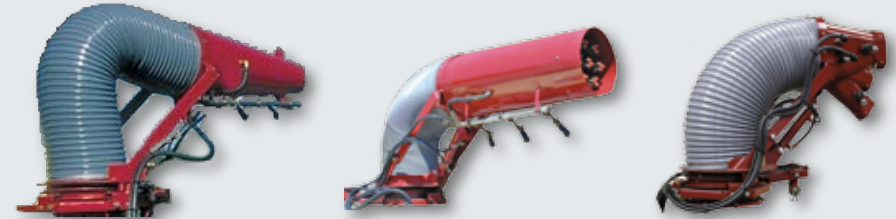

The **HARDI CANNON** adapts to any crop type, providing optimum air distribution and maximum air volume.

The individual combinations of the three different spouts and the two turbines provide the **Versatility and Power** so sought after in today's farming.

All the **CANNON** spouts can be fitted to both the lift mounted **ZENIT** range and the trailed **ARROW** and **MERCURY** sprayers - tank sizes available from 400 to 3500 litres.
